Subject: RE: EPA 2 or 3 Virginian Provence expert?

Hi John, thanks for reaching out. Jim Hagy (copied) is our go-to on the Virginian Provence DO criteria doc. I'll set up a meeting so that we can talk through your ideas and questions. We have availability on the following days:

4/11: 3-4pm

4/13: 11am-12pm

Subject: EPA 2 or 3 Virginian Provence expert?

Hi Greg and Wayne,

Is there someone in EPA 2 or 3 who is considered an expert in the Virginian Provence document and approach? We are exploring part of the approach as an augment to existing assessment, but realize there are many caveats. It would be useful to know how applicable (or not) that approach would be to the urban Delaware Estuary. If you could point me in the right direction, I'd appreciate it.

By the way, this is related specifically to assessment, not criteria. We think whatever criteria results from the current effort would target a higher use (and therefore be more protective) than what is in the Virginian Provence document.

Thanks,
John Y.
